THE PURPOSE

The purpose of a Financial Services Guide (often abbreviated to FSG) is to provide you with everything you need to know about our business. It will disclose the services and products that we provide, how we get paid and who to contact should you ever have a complaint.

This guide has been created with you in mind; we have endeavoured to provide relevant information in a clear and concise way. We think it's important that you understand exactly why we do what we do, what we believe in, how we'll partner with you and what to expect along the way.

We recognise that the motivation for seeking financial advice is different for everyone. Whether a single life event, family peace of mind or the ongoing management of a larger strategy, we will provide the crucial focus and personal attention that ensures you have the greatest opportunity to succeed.

At FinSec Partners we're ready. Are you?...

When partnering with FinSec you begin a new chapter. You are supported by a team of industry experts who believe good strategy and innovation can only be driven by forward thinking. Our advisers/provisional financial advisers will challenge your ideas and are passionate about people reaching their true financial potential. We also believe good financial advice can provide lifestyle choices when you need it most.

Your next chapter begins now...

WHO WE ARE

Our History

FinSec Partners, in various forms has been assisting South Australians with their financial advice requirements for over 30 years. Our rich history affords us a depth of experience and wisdom that cannot be manufactured.

Our history, business evolution and the decisions we have made, are all underpinned by our value system. It is what defines us as professionals and represents the belief system that we adhere to as advisers/provisional financial advisers today.

Whilst our business provides a diverse range of advisory services we have become specialists in the following areas:

- » Self Managed Super Funds
- » Aged Care and Centrelink Strategy
- » Business and Personal Risk Management
- » Pre and Post Retirement Planning
- » Investment Management
- » UK Pension Transfers via FinSec PTX

We are also proud to have pioneered 'FinSec for Women' which aims to engage, educate and empower women to make smart choices with their money.

Privately Owned and Operated

We are 100% privately owned and operated by the people who work in our office. By choosing to be self-licensed FinSec Partners have the control and flexibility to work with any product provider or institution in the market.

We control our own business systems and our clients benefit from the flexibility and simplicity that this brings. Our ethos on the other hand, remains big business orientated. As such we invest heavily in our people, technology and corporate governance. This includes:

- » our own in-house investment committee
- » a strong compliance culture
- » accountability to our industry regulators
- » a highly educated and informed team that enjoys the benefit of ongoing training and professional development
- » a commitment to a code of ethics that guides us as professionals.

Our Independence

The economics of life insurance premiums is complicated.

In the interests of simplicity, it is our experience that when providing life insurance advice, the majority of clients are better off both financially and administratively where we agree to be remunerated by commission paid by the underwriting insurer. In a scenario where this is not the case, we will present the alternatives for comparison. Because from time to time, we do receive commissions, we cannot be called independent and by law must declare the below.

Non-Independent

Kaizen Wealth and its authorised representatives/provisional financial advisers may receive upfront and ongoing commissions on the implementation of life risk insurance product recommendations in lieu of charging initial advice or advice implementation fees. Where we become the servicing adviser on an existing policy ongoing commissions may also be received. Based on the definition of independence outlined in Section 923A of the Corporations Act this means we cannot claim to be independent, unbiased or impartial.

Our Values

UNITED WE STAND.
PURSUE EXCELLENCE.
THERE'S ALWAYS A BETTER WAY.
STRAIGHT TALK.
RESPECT IS EARNED.

These are the 15 simple words that provide the crucial focus for us every day. They are the 5 core values by which we work. They line our office corridors as a reminder of who we are and what we stand for.

Our Philosophy

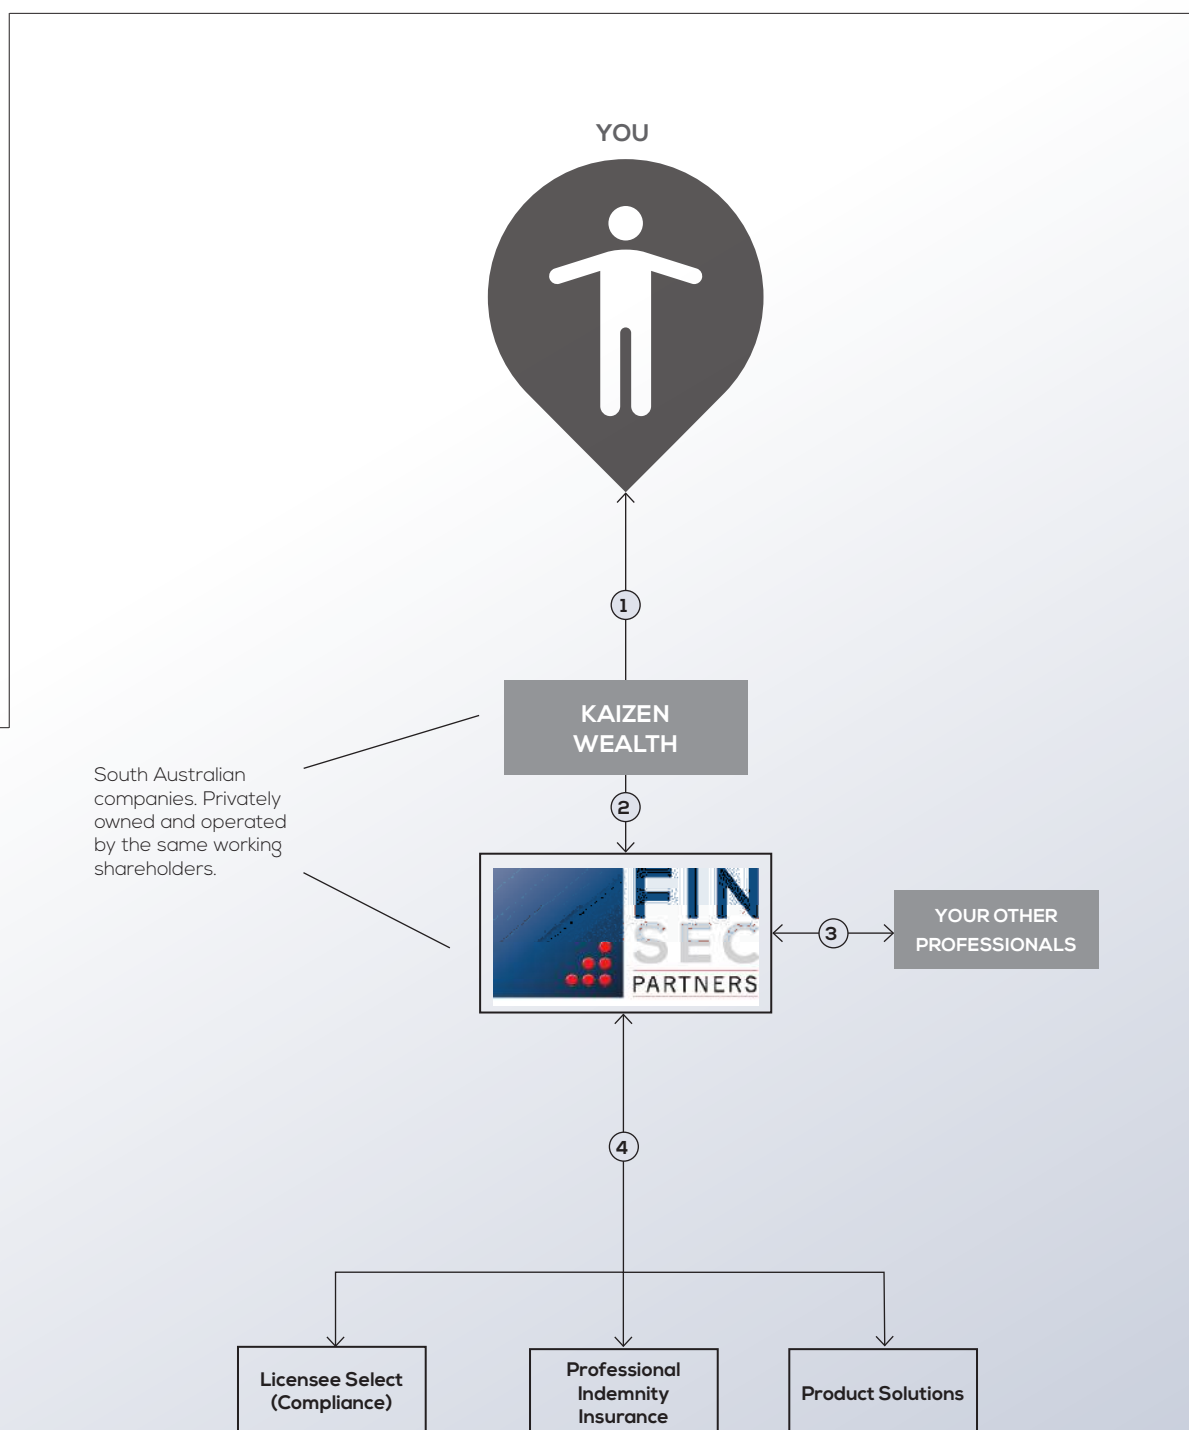

At FinSec Partners we believe that by understanding what motivates you financially we will be better equipped to guide you. It is clear that wealth contributes to wellbeing, yet there are many unhappy people in this world who are financially secure.

It is important to understand the balance between wealth and wellbeing. We feel money should be seen as a means to an end, not an end in itself. By understanding what drives your financial behaviour we can tailor our advice to ensure that your strategy is aligned to your personal values and ultimately leads to a more fulfilling life.

THE FAMILY TREE

1. Kaizen Wealth Pty Ltd are the Australian Financial Service License Holders (AFSL). Our licensee is legally responsible for the advice we provide and authorises us in the provision of that advice.
2. We empower you with financial confidence through knowledge and clarity – while you keep us 'in the loop' to ensure our advice is relevant to you.
3. We work with your team of professionals e.g. Accountants, Solicitors, General Insurance Brokers, to implement your financial strategy.
4. Accountability, compliance and systems technology underpins it all. We have access to a broad and comprehensive product list, across a range of key financial institutions, based on our investment philosophy.

THE NEXT CHAPTER

WHAT YOU CAN EXPECT...

To help you understand the financial planning journey we have broken it down into the following five steps.

i. Identifying where you want to be

Our initial goal is to discover the real truth about your finances. Advice requirements differ depending on individual circumstances and events that occur throughout our life stages. Together we will identify the issues that need to be addressed to meet your financial and lifestyle ambitions. You can then decide with confidence if you want our advice to meet a single need or whether to take a more holistic approach.

If you don't require advice from us but need help completing a specific transaction (e.g. trading some shares) we are here to ensure the process is smooth and informed. We can arrange for you to buy or sell the kinds of services that our advisers/provisional financial advisers provide, undertaking the transaction without issuing advice. It is important to understand that in these circumstances we will ask for confirmation of your instructions in writing and to sign a letter that acknowledges you have declined our offer of advice as well as understand any risks associated with the transaction.

ii. Considering the opportunities and risks

Once we understand your needs and available resources, we will investigate a range of financial options to meet your goals.

Kaizen Wealth has an extensive Approved Product List. This means our recommendations are not limited to any one product provider or institution.

All products on the Approved Product List are supported by research from external and/or internal research experts. We pride ourselves on the quality of this list, a result of the filtering process shown below.

Should we consider it in your interests to use a non Approved Product, we will follow Kaizen Wealth's review and approval process to ensure its appropriateness to your circumstances.

Filtering process – Approved Product List

iii. Bridging the gap

Based on the information you provide, our knowledge and expertise we will present a strategy to bridge the gap between where you are now and where you want to be. You will be supplied with a Statement of Advice (SoA), this is your future plan with us. The SoA outlines the steps we will take to achieve your plan and includes;

- » your goals and objectives paired with our recommended strategies and services.
- » transparency about the fees, costs and other benefits we may receive as a result of the advice we provide.

We will keep a record of any advice documents (SoA and further advice documents) we provide you for seven years. You may request a copy for your records at any time.

If we recommend or arrange a financial product for you, we will make available a Product Disclosure Statement (PDS) or an Investor Directed Portfolio Service (IDPS).

These documents contain;

- » the key features of the recommended product
- » benefits and risks of the product
- » transparency around the costs you will pay the provider

iv. Bringing your plan to life

We work closely with you to implement your financial strategy. We help you complete any necessary paperwork and we are available to attend meetings with your accountant, solicitor or general insurance broker so your strategy is implemented efficiently.

v. Staying on track with regular ongoing advice

As time goes on and your circumstances change your financial plan will need to be revised. If you have previously received advice recorded in a SOA, any further personal advice may be recorded in a Record of Advice (ROA).

We will design an ongoing service programme to ensure your plan remains up to date and on track. You will be provided with an 'Client Engagement Agreement' that will outline the ongoing advice strategies and communication needed to keep you on course. This will also include an explanation of all the associated fees and other forms of remuneration as applicable.

STRAIGHT TALK

HOW WE GET PAID

We believe that the advice services we offer are valuable and the remuneration that we receive is a fair reward for our expertise and skills. The following information explains how we calculate the remuneration we receive as a result of the advice services we provide you.

Fees for our advice services

The fees charged for our advice services may be based on a combination of:

- A set dollar amount that is agreed between you and your financial adviser/provisional financial adviser or
- A percentage based fee based on the amount you invest that is agreed between you and your financial adviser/provisional financial adviser.

The advice fees may include charges for the following advice services:

Complimentary first meeting

Our first meeting with you is complimentary. The purpose of this meeting is to understand your needs, see how we can be of benefit to you, establish that we would like to work together and if so, which of our services suits you best. We will obtain specific information about your circumstances so we can tailor subsequent advice for you. You should not act on any representations made during this first meeting.

Statement of Advice (SoA)

Should we agree to work together, our considered personal advice to you will be set out in a statement of advice (SoA), this is your financial plan. Before commencing your plan we will prepare a Letter of Engagement. This document is your approval for us to proceed and is an agreement to pay for our services. The letter of engagement sets out what your plan will cover and the associated fees as a fixed dollar amount.

The advice fees for your personal financial plan (SoA) include:

Advice Preparation

The advice preparation fee covers the time and expertise that is put into researching and preparing the recommended strategies and preparing your personal plan.

Advice Implementation

The advice implementation fee covers the administrative time spent implementing the recommended strategies for your personal plan.

Our advice will be comprehensive and seeks to add value. Our advice preparation fees start at \$3,300 and are based on the complexity of the advice required. Advice Implementation fees are based on the work required to implement the recommended strategies and will be advised in the plan. From time to time we may waive the Advice Preparation and / or the Advice Implementation fee.

Ongoing Advice

We find that most clients require a blend of strategic and portfolio advice on an ongoing basis. In general our ongoing advice seeks to optimise your wealth, adjust for life changes and provides the knowledge and clarity required to stay abreast of legislative, market and industry shifts. It includes regular review meetings and the ongoing review (in reasonable terms) of your personal plan.

Ongoing advice fees may increase each year in line with the Consumer Price Index (CPI) or by a fixed amount or fixed percentage each year. We will advise you if this fee will increase as a result of CPI.

Before providing you with ongoing advice, FinSec Partners will prepare an Ongoing Service Agreement. This agreement sets out our ongoing advice offer, which includes the advice and services we will provide, as well as the frequency these will be delivered, how much it will cost, your payment method and how the arrangement

can be terminated.

Our ongoing advice fees are determined based on the services required, complexity of your plan, regularity of contact and the sum (assets under advice) we are advising on. We seek to charge a fixed fee which is agreed annually in advance and reviewed each year. This fee starts at \$3850 per annum.

Where gearing applies an agreed fixed fee will be charged. Our gearing fees start at \$550 and rarely exceed \$5,500.

From time to time we may reduce our advice fee or seek to charge more based on the complexity of your plan.

Fixed (Agreed Fees)

FinSec Partner's ownership structure affords the flexibility to offer alternative ongoing fee structures negotiated directly with individual Private clients on a case-by-case basis.

Insurance Commission

Life Insurance Products

Initial and ongoing commissions from insurance providers may be received by Kaizen Wealth. These commissions are paid to Kaizen Wealth by the company that issues the product that we recommend to you and they are included in what you pay for the product. The commissions vary and are based on the policy cost, which is the sum of the premiums you pay and may include other fees related to the product.

The initial commission is paid in the first year by the product issuer to Kaizen Wealth. Ongoing commissions are payments paid by product issuers to Kaizen Wealth in the years after the first year. These commissions are be passed onto FinSec Partners as per the distribution of fees section below.

If you initiate an increase to your cover, Kaizen Wealth may receive initial and ongoing commissions on the increase to your policy cost. The ongoing commission on a client initiated increase is only paid in respect of the period that starts from the first anniversary of the increase.

If the initial commission is equal to the ongoing commissions (as a percentage of your policy cost), Kaizen Wealth may receive up to 35.00% (excl. GST) of your annual policy cost. If the initial commission is higher than the ongoing commissions, the maximum commission that Kaizen Wealth may receive is set out in the following table:

Date a new product is issued	Initial commission (% of annual policy cost or increase excl. GST)	Ongoing commission pa (% of annual policy cost or increase excl. GST)
Before 1 January 2018 or before 1 April 2018 when the application was received prior to 1 January 2018	0 - 140%	0 - 38.5%
1 January 2018 - 31 December 2018*	0 - 80%	0 - 20%
1 January 2019 - 31 December 2019*	0 - 70%	0 - 20%
From 1 January 2020*	0 - 60%	0 - 20%

* Kaizen Wealth may receive the pre 1 January 2018 commission rates above from the product issuer if:

- your policy was issued before 1 January 2018 and you exercise an option to establish new or additional cover under your policy after 1 January 2018; or
- your policy was issued before 1 January 2018 and is replaced after 1 January 2018 to correct an administrative error.

For Example

You have an existing policy with us, issued in 2017, and in 2018 you decide to increase the cover on that policy with a corresponding increase in policy cost of \$100 pa. Kaizen Wealth may receive up to \$140 (140% excl. GST) as initial commission on that increase and may pass up to \$140 pa to us. The ongoing commission payable to Kaizen Wealth in respect of this increased policy cost may be up to \$38.50 (38.5% excl GST).

Or, we recommend an insurance product to you and it is issued on 2 April 2018. The annual policy cost is \$450. Kaizen Wealth may receive up to \$360 (80% excl. GST) as an initial commission and may pass up to \$360 to us. Assuming the policy cost stays the same each year, Kaizen Wealth may receive up to \$90 pa (20% excl. GST) as an ongoing commission and may pass up to \$90 pa to us.

You'll find details of how your insurance policy cost is calculated in the relevant PDS that we provide you. Where personal advice is provided to you, you'll also find details of the commission that Kaizen Wealth and we are entitled to receive if you decide to purchase a life insurance product, in your SoA or Record of Advice (RoA).

The percentage of total remuneration retained by Kaizen Wealth may be up to a maximum of 10% per financial year, the remaining amount will be distributed to FinSec Partners.
